Stereo earphones
with Bluetooth® wireless technology

Bluetooth technology...wireless freedom at its best

The ultra-lightweight and ergonomically designed **KHS 635** earphones brilliantly combine the best fit with optimized acoustics. They feature a unique neckband with a magnet placed at the tip of each earbud housing, to securely store them when not in use. The battery is integrated in the earphones housing, along with the microphone and controls, making it easy to change tracks or answer calls without stopping. The impressive finish, smart design and sleek profile of these earphones will make them the perfect companion for people on the go.

Highlights

- Comfortable behind the neck design with Bluetooth® connection to provide maximum mobility and freedom
- On board omnidirectional microphone
- Full-on board controls for power, music and phone calls
- Sweat proof, perfect for running and outdoor activities
- Magnetic pods to hold earbuds
- Up to 8 hours of run time, and wireless range up to 33ft
