

SmartGrip

Universal mount for smartphones

1 year limited warranty

mobile accessories

The easiest mounting system ever for your dashboard, windshield or desktop

The Klip Xtreme universal car mount makes use of your car's dashboard or windshield as a perfect place for your mobile phone to ride even when in a case. It is designed to keep your device always accessible for navigation, hands-free calling, listening to music and easy viewing from any angle. The mount's magnetic technology is not only safe, but powerful enough to securely hold your smartphone in place, regardless of road vibrations or impacts.

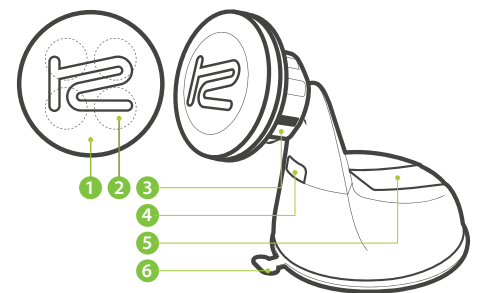

This easy to attach mount can be rotated for comfortable use by either the driver or passenger. What's more, the phone can be taken on and off its magnetic holder with one hand in a split second, making your driving not only safer, but enjoyable again.

Highlights

- Universal mount sticks to any flat surface on your car, home or office
- Suction pad secures your phone to your dashboard, windshield or desktop
- The silicon base is durable, stable and leaves no residue behind
- 360-degree rotation with tilt and swivel adjustment of -45°/+45° approximately
- Features a quick lock and release tab and detachable head
- Very easy installation
- Premium finish
